

Teaching in the 21st Century — The Need for Change

Unit 1 Activity Time Breakdown

Course Objectives

As a result of this course, you will be able to:

1. identify the needs and preferences of the 21st century learners
2. recognize the gap that exists between current instructional practices and the skill set needed by students for success in the 21st century workplace
3. understand the role collegial collaboration plays in establishing a 21st century classroom
4. establish more effective communication among stakeholders

*For each activity/experience the relevant objectives are identified in the third column of the chart.
